SHUTTER ORDERING PROCESS

- 1) Submit a completed **HOME DECOR** shutter order form.
- 2) **HOME DECOR** will provide an invoice to the dealer.
- 3) Upon receipt of paid 50% deposit, a Check Measure will be scheduled. All pricing is an estimate until the Check Measure is completed.
- 4) A Check Measure will be completed and if there are any changes to the original order, **HOME DECOR** will provide an updated invoice.
- 5) Once installation is completed and customer signs off on Installer Checklist accepting the installation, the remaining balance is due.

SHUTTER ORDERING INSTRUCTIONS

Please complete the top section of each order form. It is important that all information requested is provided and accurate in order for your shutters to be built correctly and timely. The order form **MUST** be signed and **50% deposit** is due before the order is placed.

SHUTTER SIZE LIMITATIONS

MIN # OF PANELS	STD OPENING WINDOW WIDTH MAX
1 PANEL	30
2 PANEL	60
3 PANEL	72
4 PANEL	96
6 PANEL	180

MIN # OF PANELS	SLIDING DOORS BPT OR BF WINDOW WIDTH MAX
1 PANEL	N/A
2 PANEL	60
3 PANEL	72
4 PANEL	96
6 PANEL	108

WINDOW HEIGHT	HIDDEN TILT ROD REQUIRED SPLITS
18" – 47"	N/A
48" – 72"	1
73" – 108"	2
109" – 144"	3

	FAN WINDOW WIDTH	
	MIN	MAX
HALF-CIRCLE	20	144
EYEBROW	20	144

Please note the following about PANELS & FRAMES:

- Minimum recommended window size is **12"**
- Frames 96" or wider, or tracks 144" or wider may be spliced
- Openings **OVER 96" in width** will require a T-Post
- Openings **OVER 72" in height** will require a divider rail
- Shutter Panels require split tilt if they are **OVER 84" in height** or with hidden tilt **OVER 48"**.
- Minimum Rail Size is **3"**
- Shutter Sliders Max Width **108"**

Please note the following about ARCHES:

- Arches wider than 75" require a center support
- Arches wider than 96" require double hub

Louver Clearance Requirements

The following window sill depths are required for proper operation of louvers with a Z-Frame.

LOUVER WIDTH	WINDOW DEPTH
2 1/2 Inch	1 Inch
3 1/2 Inch	2 Inch
4 1/2 Inch	3 Inch

Window sill depths less than stated above will require a build out to ensure proper operation of the louver. Your client may always opt for a surface mount shutter, thereby avoiding the above situation.

FULL TURN-KEY SHUTTER PROGRAM

Check Measure Agreement

DEALER: _____

DATE: _____

Check Measure

Our customer or home owner must be present when conducting the check measure. The installation manager will ensure all completed check measurements are signed off/approved by the customer. Any delay in production or discrepancies between original order and checked measurements will be the responsibility of the dealer to explain to the customer. Receipt of deposit is due prior to scheduling Check Measure; all costs and pricing are estimates until the Check Measure is completed.

Installation Date

The installation manager will provide an installation date to the customer following the check measure. This installation date will only be met if **HOME DECOR** has received the shutter deposit for the project within 48 hours of receipt of the order and prior to the Check Measure. Any delay of deposit receipt will be the responsibility of the dealer to explain to the customer.

Discrepancies

If there is a discrepancy between the order and the Check Measure your order will be placed on hold. **HOME DECOR** will contact you and after the discrepancy is resolved and then give you an install date. DISCREPANCIES MAY RESULT IN AN ADDITIONAL DEPOSIT.

No Changes

No changes can be made to the order after the check measure is complete. If a shutter for an additional window opening is added, there will be no surcharge if a second Check Measure is not required. In addition, it may extend the delivery/installation date. A SECOND CHECK MEASURE WILL RESULT IN ADDITIONAL CHARGES. Also, additional charges will be added to the invoice if the following occurs at installation:

- Existing window coverings need removal
- Extraordinary furniture moving is required
- Customer requests installation using finishing screws (if not previously ordered)
- Customer requests any changes from standard installation process resulting in extra installation time.
- Changes that result in additional trips.

I have read, understand and am in agreement with these terms.

Installer Checklist

SIDEMARK: _____

PO #: _____

The installer went over the following:

- How to operate the shutter panels & louvers
- How to adjust the tension control mechanism
- How to clean the shutters
- Customer approval of shutter installation

I hereby agree that the above information is complete. I am satisfied with the installation of the shutters. I understand this is custom made merchandise and cannot be returned.

Shutters will have a fresh paint or stain smell up to 30 days after installation. This is **NOT** considered a warranty item, and will dissipate over time.

As per the residential Limited Lifetime Warranty (see dealer) please note that all manufacturing defects must be reported within 10 days of receipt of the product.

I have read, understand and am in agreement with these terms.

FULL TURN-KEY SHUTTER PROGRAM

Residential Limited Lifetime Warranty

HOME DECOR warrants its products to be free from defects in materials and workmanship for as long as the original purchaser owns the product. This warranty is extended to the original residential homeowner only.

With **HOME DECOR's** Limited Lifetime Warranty, we offer a 1 year in-home service at no charge. After the year is up, there will be a service charge for Warranty service.

This warranty does not include any conditions or damages resulting from:

- Abuse
- Accidents
- Alterations
- Damage from pets or insects
- Discoloration and cracking due to extended exposure to sunlight
- Exposure to salt air
- Extraordinary use
- Improper installation, cleaning or handling
- Misapplications
- Misuse
- Moisture
- Motorized applications
- Normal wear and tear
- Tilt rod staples or hidden tilt nails detached from louver
- Louver Pins
- Rental Application use is not covered under Warranty.

This warranty does not cover any condition or damage resulting from installer error and/or removal of product by anyone not qualified to install blinds. This warranty is exclusive and in lieu of all other written or oral warranties, obligations, and liabilities.

At our discretion, **HOME DECOR** will replace or repair any or all defects caused during the manufacturing process. **A repair may include removal of the treatment from the opening and the premises.** **HOME DECOR** may need to exercise this option if necessary. Replacement parts will be available with like or similar parts.

This warranty applies to shutters purchased from the Full Turn-Key shutter program only.

Natural wood products have variation in color, grain and texture. These are inherent features of this natural product and are not considered defects. **Rustic shutters will vary in finish and may have light seepage through knot holes.** This is **NOT** considered a defect.

Shutters will have a fresh paint or stain smell up to 30 days after installation. This is **NOT** considered a warranty item, and will dissipate over time.

Any shipping costs that result from the process of repair, for example, the shipping of the shutter to us will not be covered by **HOME DECOR**.

PLEASE NOTE: ALL MANUFACTURING DEFECTS MUST BE REPORTED WITHIN 10 DAYS OF RECEIPT OF THE PRODUCT.

FULL TURN-KEY SHUTTER PROGRAM

Shutter Cleaning and Care Instructions

Cleaning

Shutters should be cleaned on a regular basis with a clean, soft, lint free cloth. A feather duster may also be used. Textured surfaces may also be vacuumed with the brush attachment.

Adjustment.

Adjusting the louvers on your **HOME DECOR** shutters is very simple. Along the side of the rail you will notice a small hole. This hole contains a tension screw. The screw allows for adjustment of the louvers. A Philips head screwdriver is the only tool required. Turn the screw about 1/4 turn clockwise to tighten. Be careful not to over tighten this screw.
